Young pag. 831

KIT DI FISSAGGIO

Gli accessori YOUNG sono forniti di serie con i seguenti kit di fissaggio (inseriti in ogni confezione):

PER PARETI IN MURATURA CONSOLIDATA

PER PARETI IN CARTONGESSO

È comunque sempre consigliato l'utilizzo di cartongesso rinforzato

PER PARETI IN MURATURA NON CONSOLIDATA (es. mattone forato)

Suggeriamo l'utilizzo di un tassello chimico (non in dotazione)

Per il loro disegno minimale gli accessori YOUNG non prevedono l'utilizzo di rosoni a muro.

Qualora sia necessaria una installazione su pareti in cartongesso non piastrellato, (verniciato o resinato) suggeriamo l'utilizzo del Kit specifico, composto da una flangia con fori di fissaggio e un rosone estetico di copertura, per aumentare la stabilità e evitare rotazione.
