FIXING KIT

VENEZIA accessories are supplied as standard with the following fixing kits (included in each package):

FOR CONSOLIDATED MASONRY WALLS

FOR PLASTERBOARD WALLS

The use of reinforced plasterboard is always recommended.

Due to their minimalist design, VENEZIA accessories do not provide for the use of wall rosettes.

If installation is necessary on non-tiled plasterboard walls, (painted or resin-coated) we recommend the use of the specific kit, consisting of a flange with fixing holes and an aesthetic cover rosette, to increase stability and prevent rotation.

art. W228 - pag. 823

FOR NON-CONSOLIDATED MASONRY WALLS (e.g. hollow brick)

We recommend the use of a chemical plug (not supplied)
