YOUNG

TECHNICAL MANUAL

P5 7606 / P5 7652

Young p. 831

FIXING KIT

YOUNG accessories are supplied as standard with the following fixing kits (included in each package):

FOR CONSOLIDATED MASONRY WALLS

FOR PLASTERBOARD WALLS

The use of reinforced plasterboard is always recommended.

FOR NON-CONSOLIDATED MASONRY WALLS (e.g. hollow brick)

We recommend the use of a chemical plug (not supplied)

Due to their minimalist design, YOUNG accessories do not provide for the use of wall rosettes.

If installation is necessary on non-tiled plasterboard walls, (painted or resin-coated) we recommend the use of the specific kit, consisting of a flange with fixing holes and an aesthetic cover rosette, to increase stability and prevent rotation.
