FIXING KIT

VENEZIA accessories are supplied as standard with the following fixing kits (included in each package):

FOR CONSOLIDATED MASONRY WALLS

FOR PLASTERBOARD WALLS

The use of **reinforced plasterboard** is always recommended.

Due to their minimalist design, VENEZIA accessories do not provide for the use of wall rosettes.

If installation is necessary on non-tiled plasterboard walls, (painted or resin-coated) we recommend the use of the specific kit, consisting of a flange with fixing holes and an aesthetic cover rosette, to increase stability and prevent rotation.

art. no. W228 - page 677

FOR NON-CONSOLIDATED MASONRY WALLS (e.g. hollow brick)

We recommend the use of a chemical plug (not supplied)
